

Courage

To have courage means to stand for what is right, to defend those who need our help, even if this will put us in danger. It takes courage to go to unknown places, to face new situations, to do things that others before us have never done. We draw courage from our love of God and our desire to please Him above all others. We should face every situation in life with courage.

"The source of courage and power is the promotion of the Word of God, and steadfastness in His Love."

Congratulations! You are practising courage when you...

- Do what you know is right even when it is hard or scary
- Admit mistakes and learn from them
- Are willing to try new things
- Ask for help from God and others
- Find courage in your heart even if others laugh at you or call you names
- Go ahead and do something you want to do even if you still feel afraid
